## Grand Totals:

Number of Sites Treated: 1,715  
 Number of Treatments or Releases: 2,569  
 Total HA Treated: 291.8373

## Report Notes

Column	Description
Total HA Treated:	This is the summation of all the 'area treated' fields in the mechanical and chemical treatments captured under the "Number of Treatments or Releases" heading
Grand Totals: Number of Sites Treated:	This is the total number of unique sites treated - not the summation of the Number of Sites Treated field.
Grand Totals: Number of Treatments or Releases:	This is the total number of unique treatments or releases for the plant species and year indicated.
Grand Totals: Total HA Treated:	This is the total unique HA treated - not the summation of the HA Treated field.
